Senior Drama: *When Fairy Tales Collide*

Hansel and Gretel were captured by a wicked old witch and kept in a tiny room after having a taste of her gingerbread house. With Hansel's clever tricks, the siblings managed to stay alive until one morning when the characters from different fairy tales abruptly entered their little space and created yet more chaos than ever: the evil queen who was looking for Snow White with a bag of poisonous apples, Goldilocks the hungry girl who had eaten the bears' porridge, the princes who were looking for their ideal princesses, and Little Red Riding Hood who was escaping from the Big Bad Wolf...
