

SPEECH GALA 2024

A very “timely” year inspired a very “timely” Gala. Our Speech Gala (the Gala) this year came in a very timely fashion indeed.

Challenges came and we fought...Our school met an unprecedented amount of big projects and we simply couldn't find a full day to do all three sessions of the Speech Gala. However, we booked the dates in time to secure two half-days, the venue, the adjudicator, and the boys.

Moreover, our honourable adjudicator, Mr Simon Tham, exercised a high level of efficiency and produced page after page the handwritten comments in a timely manner. My worries of overrunning were cleared right at the beginning.

Last but not least, this was the first time that the Gala used the mixed mode, involving both live and video submission categories. The TIME Presentation made a tasteful variation to the Gala as students submitted their videoed presentation on their e-Portfolio. The overall submission quality was high!

The shows ended on time and Mr Tham, along with Principal Chan and myself, were deeply happy to see the many language arts talents among our boys! Well done!

Dr H C Lee
